Greetings from Historic Hat Creek Ranch! As we settle into winter, here's the latest news from the ranch:

- **Annual General Report:** Our General Manager is hard at work preparing the Annual General Report, which will soon be ready for the board's review.
- **Winter Preparations:** Both the ranch and the McAbee Fossil Beds have been successfully winterized, ensuring everything is in great shape for the season.
- **Welcome, Adrian Lewis:** We're thrilled to welcome Adrian Lewis as our winter helper as Danielle will soon be going away to Quebec. Adrian is staying on-site to keep an eye on the animals and assist with ranch operations. In the spring, Adrian will return to the McAbee Fossil Beds as Lead Guide.
- **Animal Update:** All our animals are doing well! The horses recently had their "winter pedicure" (a.k.a. hoof trimming), and everyone is cozy and healthy.

2025 Season: We're already fielding booking requests and are excited to welcome our guests in the upcoming season. Stay tuned for more details as we finalize plans for another great year!

Thank you for your continued support, and we look forward to seeing you in 2025!
